

★背景色が印刷ならない場合の対処法

- ① 印刷プレビューのページ設定を開く
- ② 用紙オプションの「背景の色とイメージを印刷する」にチェックを入れる

The screenshot shows a printing preview window titled '印刷プレビュー'. The toolbar at the top contains various icons, with the 'Page Settings' icon (a gear) circled in red and labeled with a circled '1'. An arrow points from this icon to the 'ページ設定 (Alt+U)' dialog box. In the dialog box, under the '用紙オプション' section, the checkbox '背景の色とイメージを印刷する(C)' is checked and circled in red, with an arrow pointing to it from a circled '2'. The dialog also shows settings for paper size (A4), margins, and header/footer options.

The background of the preview window shows a calendar for July 2019. The calendar grid is as follows:

日	SUN	月	MON	火	TUE	水	WED	木	THU	金	FRI	土	SAT
30	1	2	3	4	5	6							
7	8	9	10	11	12	13							
14	15 海の日	16 混雑	17	18	19	20							
21	22	23	24	25	26	27							
28	29 混雑	30	31	1	2	3							

Below the July calendar, there are two more calendar grids for August and September 2019. The August calendar shows the 12th as '山の日' and the 13th as '海の日'. The September calendar shows the 15th as '敬老の日' and the 22nd as '秋分の日'.

At the bottom of the preview window, there is a footer with the URL <http://www.kuriapia.or.jp/annai/eigyoubi-annai.html> and the date 2019/07/11. The page navigation bar at the very bottom shows 'ページ(A) 1 / 1' and navigation arrows.
